Bologna, December 16, 2020
Prot 76/2020

SUBJECT: *26th International Federation of Healthcare Engineering Congress – IFHE 2020, Virtual Congress Italy 24-28 January 2021 and The 50th Anniversary.*

Dear Christoph Feldhaus,

The Digital Edition of the 26th of the International Federation of Healthcare Engineering (IFHE) will be hosted in Italy from S.I.A.I.S. (*Italian Society for Healthcare Engineering and Architecture*) and it will take place completely **ONLINE from 24th to 28th January 2021.**

The Congress will focus on the theme of "**Global climate action in pandemic times**". It will be a valuable opportunity for world health technicians to compare and exchange ideas on this critical issue which has been compounded by the current pandemic. All participants will be able to share knowledge with international experts and scholars, adding value to the global debate. The goal is to launch new ideas and projects collectively to make a greater impact on this important matter at this critical time.

The scientific activities of the 26th IFHE Congress include a wide range of themes and activities: new projects will be discussed regarding the construction of sustainable hospitals, new technologies are to be presented in the healthcare sector and there will be several thematic workshops with the pandemic as the backdrop.

In addition, we are going to celebrate the **50th anniversary of the Foundation of IFHE**, which was born in Rome, Italy in 1970.

For all the above-mentioned, we would like you to spread the word among your federation members in order to promote the Congress because we sincerely believe that your country's participation, especially in this moment of global exchange, would be a great opportunity.

You can find all the necessary information on the Virtual Congress official website <https://www.ifhe2020.com>.

Our organizing secretary is at your disposal for any further information or need you might require, contacting us at info@ifhe2020.com.

We trust in your country's support for our Congress and we look forward to your feedback.

Kindest regards

Eng. Daniela Pedrini
President S.I.A.I.S. and 1° Vice President IFHE
